

Have a Krafty Christmas!

by **Teresa Morgan**

I'm back again with another set of cute stamps from Personal Impressions Sweet Dixie Collection, designed by Lindsay Mason. These 'Christmas Characters' have a sweet doodled style to them, so I kept my designs simple and made a set of cards and tags using kraft card.

I stamped the images with Versamark ink and embossed with white embossing powder.

I added some accents of red with Liquid Pearls, and used some festive ribbon and pom-pom trim to finish.
