American Crafts Ribbon

6" x 6" card

Kiss sticker ~ American Traditional Designs.

Cut background paper from Madeline paper pad and adhere to card. Adhere ribbon across both joints using double sided tape.

Die cut one large Peony shape from Spellbinders Peony Dies from the Madeline paper pad. Then die cut the second largest Inverted Scalloped Circles Dies, layer up using foam pads and adhere to your card. Next, die cut two daisy heads from the Daisy Head Die set in pink cardstock and whilst the cardstock is still in the die, pick up some of the Cloud White Versamagic ink using the Cut'n'Dry foam and ink through the die, clean the die later using a baby wipe.

Remove daisy heads from dies and adhere using foam pads.

Apply a puffy sticker or other word embellishment, here I used an American Traditional Designs "Kiss" sticker.
