Cardstock used ~ American Crafts Primary AC71247

Blue brad for Birds eye.

Some raffia.

Picture Frame (8" x 10" used for project, glass removed)

Cut'n'dry Foam for inking CND14607

Glossy Accents GAC17042

First cut a piece of white cardstock 8" x 10" and another piece in yellow 6" x 8", matt and layer together using double sided tape.

Die cut the largest of the Shapeabilities Bird in mid blue and the middle size bird in dark blue. Using the Flourish stamps, ink up your stamp with the Aegean Blue Chalk Ink and stamp over part of the large bird, with the middle sized die cut bird, cut the bird's beak off to create a wing and adhere using a foam pad. Add your blue brad in position of Bird's eye. Die cut three sunflowers from the Edgeabilities Sunflower Garden, apply colour through the die using yellow and brown chalks whilst paper is still in die. Again, die cut one leaf in green cardstock and chalk using dark green chalk.

Die cut 8 flowers from the Flower Bouquet Miniabilities in pink cardstock and whilst paper is still in die, ink using cut'n'dry foam and the Cloud White Chalk Ink. Next, cut two Nestabilities Labels, use the largest die and cut out in deep pink, and the next size down in lighter pink. Stamp "Friendship is the most precious gift of all" using the Red Brick Chalk onto the light pink Label. Adhere together using double sided tape.

To build the picture ~ using foam pads adhere the Stamped Nestabilities Labels image to the bottom right hand side of the background and adhere raffia using glossy accents to the top left of this and allow to set. Then adhere the the bird, sunflowers and leaf using foam pads. Lastly, adhere the 8 Flower Bouquet Miniabilities evenly around your background.

This makes an unusual gift, home accent or even perfect for a new home present for a friend.
