

# Playing In The Snow! by Teresa Morgan

This cute little snowman is such a happy chap, I decided to give him some snowballs to play with...

The card is a simple design: I stamped the snowman with Memento ink and coloured him with Copics. I used a fineliner pen to draw in the ground and added some Stardust Stickers to his hat and the snow. Some glue dots hold the mini pompoms in place and the sentiment is attached with 3d foam for a bit of dimension.
