Products used:

Quickutz Revolution Tool

Quickutz Flowers Die (QKREV-0016)

Quickutz Shortkutz Die (QKSK-0003)

Quickstripz Dreamscape Pad (QKQS-018)

Quickstripz Tropical Pad (QKQS-017)

6" x 6" lemon scored card

K & Co Sorbet Plaid flat paper (643970)

5 7/8" x 1 1/4" raspberry cardstock

6" strip of ribbon

2 pink brads

Cut your Sorbet paper to measure 4 $\frac{3}{4}$ " x 4 $\frac{7}{8}$ ". Die cut your flowers using the Quickstripz Dreamscape and Tropical pads using pinks, lime greens and creams. The Quickstripz are self-adhesive textured cardstock so this makes it easy to adhere. You will need to cut your flower stems freehand; I used the darker green Quickstripz for this same colour for the leaves. Position your flowers on the sorbet paper and peel off the backing and adhere to your paper. Take the piece of raspberry card and using double sided tape or a glue runner put adhesive onto the reverse side of your ribbon. Secure the ribbon over the edge of the two to form a join. Insert your brads $\frac{1}{4}$ " from either side.

Using the Revolution Tool die cut "Just For You" phrase in the cream Quickstripz, peel off backing and position along the bottom of the raspberry cardstock.

Now using double sided tape secure the whole image onto your 6" x 6" lemon card.

This makes a fresh, bright summer like everyday card.
