Die cut your frame using the bright pink from the Quickstripz Tropical pad. Cut a piece of the Prairie flower paper measuring 3" x 2 ½". Peel the backing from your pink frame and stick your flower paper to the back of this.

Secure your 4 jumbo brads to each corner of the frame.

Die cut the "Thank You" words from the lime green Quickstripz Dreamscape pad.

Then, using the Quickstripz Dreamscape pad, take a piece of cream card measuring 3 ½" x 3 ¾", round off the corners and adhere to the C6 pink card.

Adhere your frame onto the cream card.

Take the "Thank You" phrase and stick over the front of the image.

This is a simple but very quick and easy card that can be made in minutes!
