1. Stamp the Puppy onto white card twice. Colour one image entirely and the second just the paws. Cut out the coloured images.
2. Cover the card blank with the green bordered Jingles paper. Tear a strip of the snowflake paper and stick across the bottom of the card.
3. Stick the puppy to the card so that he is peeking from the torn strip. Use 3D foam to stick the second set of paws over the original image. Take a hat from the die cut pack and stick to the puppies head at an angle as shown.
4. Stick a wreath sticker to each top corner of the card. Use the fine point of a Marvy pen to write "Have a Woofly Christmas" or add a peel off or sampled greeting.
