

Friday Feature: Pure and Simple Christmas

By Tracey Fairgrieve

Today I share with you two cards using Lindsay Masons [Sweet Dixie Peace and Joy Stamps](#) from Lindsay's Christmas 2016 collection from the Sweet Dixie stamp range by Personal Impressions.

A versatile set of stamps which can be used for alternative cards such as Sympathy or Easter to name but a few.

The main images have been stamped onto Crafter's Companion Hint of Gold white Centura Pearl card using [VersaMark](#). The cross and Star Bright script on the DL card have been heat embossed using [Sweet Dixie Super Sparkle Gold Gold](#) embossing powder.

The cross has been cut out and mat and layered onto gold card to compliment the embossing powder. The cross has then been cut out again, raised central onto the DL card and given a gemstone embellishment. The Dove and Peace and Joy Sentiment have been stamped and heat embossed using [Sweet Dixie Mirror Gold Classic Metal embossing powder](#)

Faux stitching adds the finishing touch to both Pure and Simple Cards. Thank you for taking a peek, I hope you have been inspired.

Creative Hugs from Tracey xx
