\*Some materials may not be suitable for stamping. Test surfaces before use.  
 \*Do not use on surfaces that will come into direct contact with food.  
 \*Read all provided instructions carefully before use.  
 \*1.Opalite is for use on colored/dark papers. May be difficult to see results on light colored papers.  
 \*2.StazOn may fade or wash off of glazed ceramic surfaces.  
 \*VersaFine may fade from textiles after being washed.  
 \*StazOn can damage or stain clear stamps.
